EVREN: ENTER THE DRAGONETTE BY MARIAN TEE MS. PDF

Broke, nerdy, and self-confessed wimp Misty Wall leads a ho-hum life as a Grammar Nazi intern, which of course earns her feelings of hate-at-first-sight from her colleagues at Ze Morgue, a.k.a. Moretti Inc.'s Administration Department. Misty has always wished for something exciting to spice up her boring-with-a-capital-B existence, but she never thought it would come in the form of a gorgeous six-foot-plus billionaire. The world knows him as Domenico Moretti, the ruthless, cunning, and aloof CEO of Moretti, Inc, a.k.a. her boss. Gifts of (mis)fortune come in threes, they say, and it's certainly the case with Misty, whose life is turned upside-down by Domenico Moretti's three shocking revelations. One, he's a werewolf (who's also a prince). Two, he wants her in his bed - him, the guy who actually had to file a TRO against an obsessive supermodel. And three, he has a proposition she never - and she means never - ever sees coming. Warning: Contains scenes not suitable for very young readers.

Enter the Dragonette

By Jessie Potts

Evren was a fantastic Young Adult read. One I've been craving for awhile. I received an early copy of this

book, and was happy that it turned out to be so good. The main character Deli (Not Delilah) sounds like a young Queen Betsy from MJD's Undead and Unwed series. She's not the sharpest tool in the shed, she loves shopping, and is quite juvenile when she wants to be. I expected it to be annoying, yet found myself laughing hysterically at the things coming out of her mouth. Now on to the plot....

For some reason Deli's family was targeted by thugs for hire. These thugs are no ordinary humans but something eviler, and more gross, they are humans with snake ancestry called Zekan. Her parents die in the horrible car explosion that should have killed Deli, her younger sister is dragged away screaming for help. Someone is kicking her face and ribs... then all goes black. The next thing she knows someone is standing over her broken body asking 'human do you want to live?'... how annoying? Human? 'Alien yes I want to live'. With those words her entire destiny and fate change. She finds herself transformed into Evren (Dragon) and the ward of two brothers. Her long lost twin Dyvian and the aloof hot older brother Lucian. Oh and this voice in her head that sounds an awful lot like Lucian, except is way nicer and answers her questions. The Zekan and the Evren are at war, they have her little sister in the hospital and oddly enough, are keeping her alive. The Zekan won't stop until they find Deli though no one knows why. Deli also finds herself at the center of attention to the other Evren, for a human hasn't undergone a successful transformation in centuries.... just how old are these guys? Deli thought Lucian was a couple years older than her.

Deli always has a slightly witty thing to say, and her and Dyvian know just how to push Lucian's buttons. The interactions between the three were always humorous, and entertaining. Sometimes I found Deli a little too forgiving and easy going, but then again I remembered where her family was and just who the brothers are to her. Lucian at first comes off way too gruff, but hopefully he mellows later. After reading tons of cookie cutter books, this one was easygoing and new. I can only hope that the author plans on taking this series further. It is a young adult book, so unfortunately certain scenes didn't lead to where I hope they would have, yet there is enough violence and humor to spice up the book.

a very good new dragon series

By Kindle Customer

I purchased this book for free today (Nov. 14) and read it in one setting. The author does a wonderful job starting off the series with a bang. We are introduced to the three main characters right away. Deli, the heroine of the novel, is young, funny, and just the perfect match for Lucian Chevalier. Lucian is the hero of the book along with his brother Dyvian.

Lucian is more serious, stuffy, and doesn't crack a smile much... the total opposite of Deli and her now adopted twin brother Dyvian. But as you read on, you realize that Lucian and Deli are perfect for each other. They even each other out. You learn more about Evrens (dragons) and the author does a great job of immersing the reader into that world.

I am hoping that the author continues with the story. I would love for Dyvian to have his HEA. So to summarize... A very good read that introduces us paranormal readers to a new world and leaves us wanting more.

Really??

By Monica Ard

It had a decent introduction. The main character was a little childish but I suppose that's to be expected in a 16 year old girl. It took a turn for the worse immediately after the transformation. We find ourselves reading another "girl gets saved by boy, falls in love but he's emotionally distant at first then suddenly he'd die for her without any real reason" story. Then we find ourselves in the midst of a dragon fight scene that we don't

get a chance to actually read about because our tough chick main character faints. It was like watching a cake bake and then tossing it away as soon as it comes out of the oven.
