HELLO LUV BY SHAWN COREY, DORIAN STEVENS PDF

Sven and Lou were best friends until a botched robbery sent them down two different paths of life; Sven went to college, Lou went to prison. Now ten years later they reunite, but only because someone has kidnapped their love interests, and unlike any other kidnapping cash is not the ransom. They have to complete a mission, another robbery; a robbery involving people so deadly that one mistake would mean death to them and the people they love. With a hotshot detective on their trail and a plot that thickens every second, will Sven and Lou be able to cast their differences aside and get the job done—or will the lies, deceit, and downright deception be too much for them to handle as they slowly uncover the truth?

amazingly great book

By Kindle Customer

This book was the business! I finished it in a day! I couldn't put it down! From beginning to end it was great. The story had me wanting to know more and was hoping it was more after I read it. I love how I didn't have to guess about what was going on or who was speaking.

Amazing, and Then Some!

By Ms Silk

This is one of those books that ends, and you keep flipping because you just HOPE there is more. What a ride!!

Sven and Love are a couple who are about the business of loving one another. They are young, business minded, and in serious love with one another. Things are going well for them, until...

Life gets in the way when a simple repair job turns into anything BUT that. Old friends turn up, drug deals start to show up, and it turns out that nothing and no one is what it seemed from the beginning. These authors really did their thing in this book, keeping the story interesting and action packed while not drawing it out too much. There are many elements of a good drama, but this is definitely not the typical "boy meets girl" or "Bonnie and Clyde, ride or die" type story.

This is a five star read, without a doubt. It's well written and it's a good story, definitely worth the time and even more than worth the cost.

Amazing

By Priscilla Murray

This book was wonderful. You be thinking the storyline be one way but the real answer take you by surprise. I like the history lesson aspect also. I think this duo will be amazing in the future like Ashley and Jacques,Ca\$h and NeNe . I really enjoy the first book from the couple this book is amazing. I really enjoy the excerpt in the book of what is to come . I really love books is where you there is a lesson learn and can be applied to everyday life .I would recommend this book to all my friends.
