awesome!

I loved this book :) I read it several times...and have given it to friends who have horses. It isn't a training book so to speak, it's more along the lines of getting in your horses head so you can gain the leadership spot. Lots of good stuff on buying horses too and how to avoid rewarding bad behavior. It was really great. I recommend it to everyone who is into horses - especially if you own one or are planning on owning one.
