Hoja de ruta es un libro de texto diseñado para cursos de cultura y civilización de Latinoamérica. Como tal, no se limita a enumerar fechas y hechos históricos sino que entrega los elementos de análisis para que el curso se transforme en un amplio foro de discusión y debate de ideas, al mismo tiempo que incita al alumno al desarrollo de proyectos individuales o colectivos. Ofrece también el trasfondo esencial para cursos sobre literatura y cine. En adición es una herramienta indispensable para prepararse para el examen de Praxis II de Español. La actualización de esta sexta edición, hasta noviembre del 2012, toma en cuenta desde los últimos descubrimientos sobre las mujeres que acompañaron a Colón en sus viajes, lo que cambia la percepción del rol jugado por las mismas en la historia de Latinoamérica, hasta la reelección de Hugo Chávez en Venezuela para un cuarto periodo y su muerte en marzo del 2013 antes de asumir el nuevo mandato, y los resultados del referéndum sobre el estatus territorial de Puerto Rico realizado en el 2012. El Nuevo mapa político: dos décadas que transformaron Latinoamérica ofrece un completo análisis de la evolución del panorama geopolítico de la región en las últimas dos primeras décadas del siglo XXI. No basta con saber que el presidente Chávez fue reelegido y sucedido en las elecciones que siguieron a su muerte por su vicepresidente Nicolás Maduro, más importante aún es entender las implicaciones que la implementación del Socialismo Bolivariano del Siglo XXI tiene para Venezuela, para el continente y para el resto del mundo. No basta con saber sobre el movimiento estudiantil chileno de los últimos años, más importante aún es que se conozcan las razones por las cuales se convirtió en una fuerza que dio vuelta al tablero político chileno. No basta con saber que los hispanos conforman la primera minoría en los Estados Unidos, más importante aún es conocer su impacto como fuerza política, demostrado en las elecciones presidenciales del 2012, lo que puede cambiar la situación para esta población en constante crecimiento. Hoja de ruta es la guía que llevará a los estudiantes a comprender el presente político y económico latinoamericano al mismo tiempo que les ayudará a aprender un piropo, a utilizar un refrán, a preparar un plato típico, a admirar las diferentes manifestaciones de la cultura, la música, el cine, las artes, la ciencia y la tecnología. Pero lo más importante, además de entregarles el conocimiento, les provee los elementos para analizar de manera crítica los diferentes aspectos de un continente en constante evolución.

Good book, covers many aspects of culture

By Chani

I used the book in my Latin American Cult. and Civ. class. Overall, I liked it. It covers a good range of topics, besides the classics (such as politics, history, economy, etc). The questions at the end of every chapter are clear and a good help for students. I have used the first 300 pages or so as "class material", the rest were part of individual presentations.

One negative aspect, I don't consider necessary to have a new edition every year. it is very expensive for students. Probably, it would be nice to have a new edition every 5 years, the changes on politics, economy, etc, could be covered by emails (as it is now, too). E-mails updating material makes more sense to me than new editions every year. I plan to stick with the cuarta edicion for more years.

Kindle version is lacking

By Russ

I just bought the Kindle edition of this book and it is really poorly put together. The whole format looks like a draft of a book, not a published book. Most importantly I see NO PAGE NUMBERS! There is a table of contents - but this does not include page numbers either. Having no page numbers makes it very hard to use this book in class and to find homework assignments. I'm hoping there is a way to return kindle books!
