HOT SEALS: KNIGHT'S SEAL (KINDLE WORLDS) (DANGEROUS CURVES SERIES BOOK 1) BY DONNA MICHAELS PDF

Knight's SEAL by Donna Michaels—Dangerous Curves/Hot SEALs Crossover Novella

Navy SEAL Sam 'Excel' Gentry barely has time to consider his buddy's job offer to join Guardian Angel Protection Service when a commander from their past, with his own D.C. based agency, asks for help. Owing his life to former Commander Jameson Knight, Sam is eager to help retrieve a mutual friend from a dangerous cartel, until he learns the operative assisting him is Knight's oldest daughter, Lisa—Sam's former lover.

Elisabeth Knight has waited over eight months to get into the field, and just her luck, her first mission hits close to home in more ways than one. Not only does it involve rescuing her friend, a former NIO like herself, but her father assigns one of his former SEALs to assist—the one she'd given her body and heart to five years ago. Sam had walked away when he'd realized who her father was, and she let him, not wanting to see the sexy man shot, or worse, assigned to Antarctica...permanently. Completing their current mission isn't the issue, the danger lies in their inability to fight their resurrected attraction and keeping that failure from her father.

Smart woman + SEAL + heat = a winner for me

By Chitown Reader

A solid 4.5 stars for me. Knight's SEALs contains the perfect recipe of strong women (3 of 'em!), handsome alpha SEALs, a nice dose of steam, and a bit of intrigue. This book isn't deep but it is good.

Lisa and Sam had a brief relationship but she ended it for altruistic reasons five years ago. Fast forward to present day and they find themselves working together on a mission. Sam is an active duty SEAL, Lisa is a former Naval Intelligence Officer and their mission is under the command of Lisa's dad, Jameson Knight who happens to be Sam's former commander. Their rescue mission takes them from DC to San Diego where Lisa and Sam work "thisclosely" together at a high end resort to save a friend/colleague. While playing husband and wife on an anniversary vacation, they try to avoid going down memory lane and ultimately realize that they can't go back but they can move forward. I liked both lead characters and enjoyed them finding each other again. The only thing I found a bit hokey were references to a mythical castle. For a man like Jameson, I would have expected different references. That said, there's nothing wrong with a well read man.

This is a quick, fun and fast-paced read. It's also my first book by Ms. Michael's and is so good that it won't be my last.

Cartel, Mafia, guns, hot tubs, undercover ops and more--so much more!!

By Penna Reader

I recommend reading this Kindle World Crossover Novella by Donna Michaels. Sam Gentry is a Navy SEAL. Leader of one of the most elite SEAL teams in the Navy. He is approached by former teammates to enter the private sector as a member of GAPS, a private security firm. He also receives a request from his former CO to assist in a mission his company is heading. Sam owes his life to his former CO, Jameson Knight now CIA Special Operations Groups leader, so he agrees before he is read into the mission. Once he gains full knowledge of the mission, which includes posing as husband and wife with a woman he had been seriously involved with 5 years ago, Knight's daughter, he prays all of his training as a SEAL will help him be successful. Will Sam be able to stay professional? This type of restraint training had never been given by the Navy. Will he give into the feelings he buried long ago? Will he break the "you don't mess with family" code? Will he be able to complete the mission when things heat up? This is a quick and easy read. Who can resist a SEAL, undercover operations, cold showers, the Columbian Cartel, the Russian Mafia, guns, and hot tubs?

Great start to a new series!!

By Cindy O

Great start to a new series. Knight's SEAL kicks off the start of Dangerous Curve which in a twist is about 5 dangerous women.

A former SEAL team leader now runs his own CIA special op company called The Knight Agency. When its found out that Naval Intelligence Officer Lt. Nicole Locke is being kept prisoner by a cartel leader he enlist his daughter Elisabeth Knight who works for him now and used to be a NIO and Navy SEAL Sam Gentry who used to be under his command to go in undercover as a married couple.

Problem is he doesnt know what Sam and Lisa used to be an item 5 years ago until Sam found out who her father was and broke things off. So not only do they have to deal with going undercover to rescue Nicole and try and take the cartel leader alive but they also have to deal with their unresolved feelings while on the op.

This looks to be a great series and I cannot wait for the next book.
