Five Stars

By Nathen Springs

Great book packed with tons of techniques that will help you improve your memory. Highly Recommended?.

1 of 1 people found the following review helpful.

How to memorize, not learn

By sci fi fan

Generally a good introduction to memory techniques. Not necessarily learning techniques, techniques for memorizing lists of things. If you want to learn how to learn check out "A Mind for Numbers" by Barb Oakly, or her Learning How To Learn class on Coursera.org
