We finally get answers!

By Terisa

The fourth book in the Grayton Series is the long awaited book that we finally find out what happened to Marissa, the sister that disappeared shortly after turning seventeen. The five siblings had all been adopted by the Grayton's, each coming from horrible circumstances. Roman has been looking for her even more than his other adopted siblings because they shared a secret, Roman and Marissa had fallen in love. While they had shared more than the other siblings, even Roman didn't know as much as he thought he did about Marissa. That being that while they all came from horrible pasts, Marissa's past had found her which meant that her future was not as cut and dry as the others. She felt that she had no choice but to run just as she had no choice but to hide. Now that Roman had found her everything was going to come out into the open, why she ran, why she was still running as well as what she was hiding. Will their love be able to stand the test of time when all of her secrets were out in the open?

Like the other books in the series, I highly enjoyed this one. A close knit family who have stood by each other and continue to do so regardless of where they all started out. I loved the beginning just as much as I loved the ending but I will say that I wish there was an epilogue, something with all of the family together with their Dad and Aunt showing how each of their lives turned out a few years later or so but I'm not

complaining at all. I highly recommend this series and while technically they can be read as stand-a-lone, it's best to read them in order. Especially books three and four.

Roman and Missy have been in love since they were kids

By Julia

Roman and Missy have been in love since they were kids. Missy disappeared when she was 18 and Roman never quit looking for her. When he finally finds her, he is shocked to find that he has a son. Missy has a lot of secrets and he needs to find out why she left and why she didn't tell him he had a son.

You're Pillar!!!

By ZETTER

Marissa Grayton the other adoptive daughter of the Graytons, ran away when she was 17 years old. The rest of her siblings have been looking for her for years especially Roman Grayton but they didn't find her until now.

Roman Grayton finally found the only woman who he had ever loved, Marissa. Now that he found her, he would do anything to make sure that she and their son, Reagan are safe.

Yes Missy and Roman had a son, it sure didn't sit well with the latter when he found out that she kept such a life changing secret from him. But all his anger subsided when he realized that she was protecting Reagan from the cult she belonged to when she was small.

IN TOO DEEP was beautiful, love how despite them both being adopted by the Graytons....Roman and Marissa never felt that sister and brother bond, they always had a deeper and more passionate connection.

The way Missy and Roman fought for their family was well done, the former faced her past.... and slayed the dragon in order to keep her loved ones safe.

Love the bond between Marcus, Casey, Cole, Marissa and Roman....his book was filled with love, loyalty and understanding but most of all of it was about a family sticking together no matter what.

Jill Sanders did a magnificent job, looking forward to what she's got in store for us next with this incredible series.
