NORTHUMBRIA: THE LOST KINGDOM BY PAUL GETHING, EDOARDO ALBERT PDF

Northumbria was one of the great kingdoms of Britain in the Dark Ages, enduring longer than the Roman Empire. Yet it has been all but forgotten. This book puts Northumbria back in its rightful place, at the heart of British history. From the impregnable fastness of Bamburgh Castle, the kings of Northumbria ruled a vast area, and held sway as High Kings of Britain. From the tidal island of Lindisfarne, extraordinary saints and learned scholars brought Christianity and civilization to the rest of the country. Now, thanks to the ongoing work of a dedicated team of archaeologists this story is slowly being brought to light. The excavations at Bamburgh Castle have revealed a society of unsuspected sophistication and elegance, capable of creating swords and jewelry unparalleled before or since, and works of art and devotion that still fill the beholder with wonder.

Very enjoyable but lots of liberty with the early history and the facts

By Paul Nemeth

Dont buy this book if you want to start your insight into Northumbrian history before 7000 BC. It takes a long time and much hypothesis to get to the Venerable Bebe and the story there-after.
