By seeing this web site, you have begun to make new deal to consistently be current. It is the first thing you can begin to get all gain from being in an internet site with this One Little Christmas Tree By Russell Bittner and other collections.

From now, finding the finished website that sells the completed books will be several, yet we are the trusted website to go to. One Little Christmas Tree By Russell Bittner with simple web link, simple download, as well as finished book collections become our great services to get. You could find and utilize the perks of choosing this One Little Christmas Tree By Russell Bittner as everything you do. Life is consistently establishing and also you require some new publication [One Little Christmas Tree By Russell Bittner](#) to be reference constantly.

ONE LITTLE CHRISTMAS TREE BY RUSSELL BITTNER PDF

A Christmas story -- for SMART kids.

YES, there's some symbolism. And YES, this story may require an equally smart parent to explain it. But I'd like to think the combination of a smart parent and a smart kid will get it.

Think of this story as an opportunity. Whatever your religion (or lack of one), this is a story that will challenge your child. And -- in the process -- challenge you.

How so? Quite simply, to uncover some of your own misgivings and equivocations, and thereby explain to your child what "life everlasting" is all about.

This is not a Christian story, a Muslim or a Jewish story. This is a simple NYC story -- about a small pine tree that accompanies a big pine tree to the big city. And which then finds life and its meaning in that same big city.

We should ALL be so lucky. We should ALL find the meaning of life in a once-in-a-lifetime opportunity. Unfortunately, we're not pine trees -- either big OR small.

A fascinating story of Friendship and Caring -and Hope!

By kate papas

"ONE LITTLE CHRISTMAS TREE" has all the ingredients of a good mystery story for children.

One will find there wealthy technocrats and naive workers. One will inhale the pure fresh air of the country but also the disgusting exhaust fumes of the big town's vehicles.

Additionally, "ONE LITTLE CHRISTMAS TREE" encourages the reader -whether adult or minor- to make comparisons and to reflect: on people, on money, on nature, on human intervention in nature (usually violent and abusive and usually for profit) on relationships, on love!

Mostly, however, "ONE LITTLE CHRISTMAS TREE" is a story of friendship and caring -and hope!

Thanks to Russell Bittner's ability to use the right words at the right occasion, the reader is kept alive through the entire story. And when the end of it comes with large menacing steps, making everybody think "That's it! Everything is lost", suddenly one discovers that "death" was but a prelude to birth!

Not being myself a resident of New York, where our story takes place, my first thought when I read "ONE LITTLE CHRISTMAS TREE", was that there must be a related tradition that inspired the author to write his story. To my great surprise I was informed, that such a "custom" simply does not exist. Pure imagination of the author (or rather of the child living inside the author!)

What am I to add? Only this: "ONE LITTLE CHRISTMAS TREE" must be read by the New York Mayor! So that every child who -in the future- might wonder "Why garbage trucks in New York City carry a lighted little pine on their front bumpers at Christmastime?", will find the answer in the present tale...

P.S. I envy Russell Bittner's future grandchildren!

Christmas turned Easter

By Diana F.

This story which is as much for children as for adults begins deceptively with a description of corporate interests that often mistreat nature. When we sigh, imagining the politically correct story that might ensue from that beginning, we're taken by the heart and brought to the land of very appropriate spiritual Christmas feelings. We have a pine with a mission and a small pine who looks up to him as an example and how to live and...die. And that's when, by a poetical magic trick, Russell Bittner converts what apparently was a Christmas story into an Easter one. The sawn, fallen big pine becomes Christ and cross and starts his own Via Crucis to the Rockefeller Center, the new Golgotha. New York workers and loiterers as Romans, there's no vinegar but a lack of water, and the same unforgivable death replaces the Birth everyone expects at such a date. But, it's a Christmas story after all, and in the end, the little pine and the garbage truck drivers give a very American lesson of hope.

As million of other people, I've been one of those who for years in a row went to New York in the beginning of December to watch the tree, all lights and luxury, a symbol of that capitalism I admire so much maybe because my country has consistently lacked it. The next time I'm in New York, I'll look to the tree with different eyes, though, unless I learn that the tree has been only uprooted and, after Christmas, taken back to the woods as it should be if Capitalism is as good as I want to believe it.

A Christmas story for adults

By Nicholas C. Rossis

This has got to be the most unusual Christmas story I've ever read. One Little Christmas Tree is a parable filled with ecological messages, and highly critical of humanity's greed and obliviousness towards the consequences of its actions - from its celebrations to their aftermath. Even as we celebrate something, we kill it.

My only concern about this expertly-written book is that it seems aimed not so much at children, as much as adults, seeing how far it veers from what is seen as the traditional Christmas spirit. There is but the faintest redemption in the end, offering only a glimmer of hope. Make no mistake: this is no candy-wrapped tale, filled with jolly Santas and reindeer, and its moral is genuinely down-to-earth.

So, if you are looking for a different Christmas story, one that is written by a skilled and obviously very sensitive author, this is the ideal book for you.
