Rev. Clarence Larkin (1850–1924) was an American Baptist pastor, Bible teacher and author whose writings on Dispensationalism had a great impact on conservative Protestant visual culture in the 20th century. His intricate and influential charts provided readers with a visual strategy for mapping God's action in history and for interpreting complex biblical prophecies.

For its helpful charts and diagrams this book is a MUST!

By A Customer

The only book I own that is more packed with truth than Dispensational Truth is the Bible itself. I find myself resorting to his detailed charts and diagrams as I study the Scriptures. This book will make your study of the Bible dispensations and other topics riveting. The author, Clarence Larkin was a printer turned pastor almost 100 years ago. Because of his printing background the charts he creates are without parallel in any books on the market. Not only is the presentation excellent, the content shows years of careful, prayerful study. The only drawback of this book for me is that he accomadates his time-line to the "Gap" theory instead of a literal 6-day creation. But we ought to go easy on him since hardly any of the modern creation science books which expose the errors of the evolutionists' earth dating had come out in his day. What IS amazing is that he dogmatically says Israel would one day become a nation again, in accordance with the Old Testament prophecies. He wrote this in 1

The Best there is on Prophecy

By Duthie

I had one of the first editions, handed down to me from an uncle and I have been hooked ever since...

The Charts are priceless, it really does unfold truths as never before..

Considering that this was written before Israel became a nation and that was one of the things that Clarence Larkin insisted was going to happen. HAD TO HAPPEN.. makes it even more interesting and real to the person who is interested in Prophecy to find out that they became a Nation in 1948.. and that the church did not replace Israel as many claim...

A MUST HAVE....

Bible students need this book.

By A Customer

Why in the world do we have people espousing a pre-wrath rapture? How is it that amillennialism is still even allowed to be discussed? Oh no, is the church going to go through the Tribulation? For the common confusion of the age, one ought to secure a copy of Larkin's book to see how one might rightly divide the word of truth independently of the various notions of Bible interpretation. When people look for the coming of Christ, they need to understand the very NATURE of the dispensation of the church age in the first place to make heads or tails of Daniel's 70th week. A tested and valued resource.
