It will give you important sources for you which want to begin creating, blogging about the similar book Think And Grow Rich: The Landmark Bestseller - Now Revised And Updated For The 21st Century By Napoleon Hill are various book industry.

Review

"During the past twenty-five years I have been blessed with more good fortune than any individual deserves but I shudder to think where I'd be today, or what I'd be doing if I had not been exposed to Napoleon Hill's philosophy. It changed my life."

--Og Mandino, The Greatest Salesman in the World

Language Notes

Think and grow rich is the most important financial book ever written. Napoleon Hill researched more than forty millionaires to find out what made them the men that they were. In this book he imparts that knowledge to you. Once you've read this book you will understand what gives certain people an edge over everyone else. By following the advice laid out clearly in this book you'll be the one with an edge. It's time to stop wondering what it's like to be rich and start knowing. This book will change your life!

From the Author

In every chapter of this book, mention has been made of the money-making secret which has made fortunes for hundreds of exceedingly wealthy men whom I have carefully analyzed over a long period of years.

The secret was brought to my attention by Andrew Carnegie, more than half a century ago. the canny, lovable old Scotsman carelessly tossed it into my mind, when I was but a boy. Then he sat back in his chair, with a merry twinkle in his eyes, and watched carefully to see if I had brains enough to understand the full significance of what he had said to me.

When he saw that I had grasped the idea, he asked if I would be willing to spend twenty years or more preparing myself to take it to the world, to men and women who, without the secret, might go through life as failures. I said I would, and with Mr. Carnegie's cooperation, I have kept my promise. Napoleon Hill, 1928

THINK AND GROW RICH: THE LANDMARK BESTSELLER - NOW REVISED AND UPDATED FOR THE 21ST CENTURY BY NAPOLEON HILL PDF

Please note that this item is a roughcut (deckle edge) edition

Think and Grow Rich has been called the "Granddaddy of All Motivational Literature." It was the first book to boldly ask, "What makes a winner?" The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself.

The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized in this one.

In the original Think and Grow Rich, published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires, such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton, achieved their wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers.

BE CAREFUL WHAT VERSION YOU BUY!

By Elaine

Amazon has done us a huge disservice by lumping all the reviews for the various "original" versions of this book together. The version I purchased (black cover with money on the bottom, kindle version) is riddled with errors where the publisher evidently **SCANNED** the book in and then didn't bother to edit the results. Page numbers appear randomly in the middle of paragraphs, "m" appears where clearly "in" was intended and in some cases paragraphs just end in the middle of a sentence. This is a great book but some of the publishers have done a terrible job reproducing it and Amazon isn't helping by grouping very different copies together in the same review group.

I hope to update this review when I find a less crappy copy of this book, but avoid the version with the black cover with money on the bottom. (See pictures)

Finally! a clean and unabridged edition. I had ...

By Hero Health

Finally! a clean and unabridged edition. I had to purchase two other editions before finding this one. it is clean and true to the original 1937 wording.

114 of 122 people found the following review helpful.

Great content but horrible format, see recommendation.

By Truth Seeker

Yes this is the Original edition and is worthy of five stars for the content, there is no denying or disputing that. However, my beef is with the format of this version. I took a picture so you can see what i am referring to. The book could have been reduced to half it's size in volume and thickness due to the way the Napoleon Hill foundation formatted this book. It is off centered where there is about an inch of blank space on top, 2 inches of blank space from left and bottom. The words go in too deep into the center of page and results in an

awkward and annoying read. Taking these facts into consideration, you are basically getting a mass market paperback book. After a little more research i came across this edition: ISBN 1593302002. It is also the original edition from 1937 but also contains extensive footnotes, endnotes, appendices, and an index. It is a much better physical book overall in size and feel as well as better fonts, format, and quality of paper. I would recommend that version over this one.

Another issue is with the Kindle version of this edition by the Napoleon Hill foundation. Compared to any other e-book, the font is light with hardly any contrast whatsoever. Text is light gray instead of black which makes it very difficult to read, you can see for yourself by sampling the book to your Kindle before purchasing which I recommend anyone do before making any e-book purchase. The Napoleon Hill foundation needs to fix this.
