THE USS ENTERPRISE BOOK IS INCREDIBLE!

By O. Douglass

THE USS ENTERPRISE BOOK IS INCREDIBLE! I served on the USS Enterprise CVN-65 from 1986-1990. I completed 2 cruises. The first was a Western Pacific Cruise in 1988. The second was the 1990 World Cruise. I was 17-21 years old. I fueled jets and helos on the flight deck and spent 6 months as a guard in the brig (jail guard). Yes, there is a jail on board. I even watched Alec Baldwin and Fred Thompson film for the movie "The Hunt for Red October", Top Gun was also filmed on this famous ship. I bought this book and it brought back so many memories. It is the complete history of the "Big E" from laying the keel to it's decommissioning last year after 51 years of service. It is the first nuclear powered carrier and the biggest ship in the world for decades. The pictures are beautiful and plentiful. The Big E was in every conflict since 1961. From the Cuban Missile Crisis to the War on Terror. I bought my book a bit hesitant (because money is tight), but I am VERY HAPPY I did! I read when I go to bed and I've read the book from cover to cover (almost 700 pages) because it was so fun and interesting, it took me about a month (which doesn't happen often). It is the USS Enterprise encyclopedia, very detailed and precise. If you served, know a vet, a vet from the Big E or just intrigued about the best US Navy (I guess I am a bit biased) ship ever built, this is the book! I am buying another to keep it in mint shape as the ship is currently being dismantled and now part of history. I'm excited about USS ENTERPRISE CVN-80, which is scheduled to be built in the next decade or so. I am so proud I served on the Big E , it changed my life. Happy Holidays!

Awesome Book!

By Deborah Kipness

This was bought for a retired Naval Commander who was on this ship at one time. He was totally thrilled with the content & one of his helicopter rescues is mentioned in this book. He is very pleased!
